

ANDRE AGASSI COLLEGE PREPARATORY ACADEMY*

FOUNDED	2001
MISSION STATEMENT	As the signature project of the Andre Agassi Foundation for Education SM , Agassi Prep is a public charter school that strives to provide underserved children in Las Vegas a quality education to prepare them for excellence in college and beyond.
STATUS	Agassi Prep is a public charter school funded by the state of Nevada as well as by private and corporate donations.
ANDRE'S VIEW	"Every child deserves an outstanding education, and to provide it, public schools here in Nevada and across the country need better resources and accountability. Our own experience operating a public, K-12 charter school has taught us that to be successful, the two must go hand-in-hand. We also know that when children are placed in an environment where expectations are high and excellence is the standard, they don't resent it. They say, 'It's about time somebody believed in me.'"
FUNDRAISING EFFORTS	We continue to rely on your support to fulfill our promise to children at Agassi Prep and help them realize their dreams. When you support the Agassi Foundation for Education, you also become part of a national movement that's improving education for all kids. There are many ways to help – from sponsoring a class, student or school activity; to making a donation; to supporting our advocacy work to increase investment and accountability in public schools.
