ANDRE AGASSI FOUNDATION FOR EDUCATION*

FOUNDED	1994
MISSION STATEMENT	The Andre Agassi Foundation for Education is dedicated to transforming U.S. public education for underserved youth. The Foundation drives reform by engaging in practice, policy and partnerships that provide quality education and enrichment opportunities.
BACKGROUND	Through its public charter school, the Andre Agassi College Preparatory Academy, the Foundation strives to provide underserved youth in Las Vegas with a quality K-12 education to prepare for excellence in college and beyond. Through state and national advocacy, the Foundation also works to increase investment and accountability in public schools.
STATUS	The Andre Agassi Foundation for Education is a 501(c)(3) not-for-profit public charity.
ANDRE'S VIEW	"Every child deserves an outstanding education, and to provide it, public schools here in Nevada and across the country need better resources and accountability. Our experience operating a public charter school has taught us that the two must go hand-in-hand. We've also learned that when children are placed in an environment where expectations are high and excellence is the standard, they don't resent it. They say, 'It's about time somebody believed in me!'"
FUNDRAISING EFFORTS	To date, the Andre Agassi Foundation for Education has raised more than \$150 million through individual giving, partnerships and the annual Grand Slam for Children benefit concert which has raised over \$92 million. Over the past 15 years, we have provided in excess of \$60 million to support ongoing programming at Agassi Prep and the Andre Agassi Boys & Girls Club, as well as other causes that help children in Southern Nevada. Currently, the money we raise helps underwrite Agassi Prep's operating budget and sustain the Foundation's work to impact education and educational policy on a local and national level.
